Experience

Junior UI/UX Designer (Project-Based Experience) _ X Gen Academy

Jan 2024 – Jul 2025

Project 1: Gold Trading Web Application a platform for online trading, buying, and storing melted gold

- Created a custom design system inspired by values of trust and worth
- Designed responsive UI for both desktop and mobile with a focus on simplicity and user-friendliness

Project 2: Online Concert Ticketing Platforma fast, intuitive interface for selecting seats, secure payment, and receiving digital tickets.

- Designed a user flow for a 4-step ticket purchase with minimum clicks
- Created an interactive seat map with dynamic pricing and color coding

Project 3: On-Demand Delivery Mobile App An app similar to Alopeyk for parcel delivery with vehicle selection and precise scheduling.

- Designed low-complexity mobile wireframes and prototypes for order placement
- Developed a seamless user experience from request to real-time delivery tracking

Project 4: HR Management Dashboard a web-based dashboard

- Designed wireframes and interactive prototypes for managing personnel info, requests, and events
- Implemented filtering, categorization, and analytical visualization of employee data

UI/UX Designer_ Rasta Novin Raya

Nov 2025 – Apr 2026
